

CODE OF CONDUCT

COUNCIL:

- Fair and partial in the performance of their functions.
- Should at no time afford any undue preferential treatment to any group or individual or unfairly discriminate against any group or individual.
- Not abuse the power authority vested in them.
- Uphold and advance the integrity, honour and dignity of the Institute by utilizing their knowledge and skills for the enhancement of human welfare, being honest and impartial and serving with fidelity the public, their employers and clients, and striving to increase the competence and prestige of the corrosion control industry.

MEMBERS:

Any person, including a legal person (company), who subscribes to the objectives and fundamental principles of the Institute as set out in Section 3 of the Constitution and who has paid the annual subscription fee as determined by Council.

- No person, regardless of qualifications or credentials, shall be admitted to membership of the Institute unless the Council is satisfied that such admission would be in the interest of the Institute.
- Membership, and rights and benefits of membership are not transferable.
- All information submitted by an applicant shall be regarded as confidential.
- Membership of the Institute shall take effect upon receipt of the annual subscription.
- A copy of the constitution is available on our website www.corrosioninstitute.org.za

CORRISO (CORROSION INSTITUTE STUDENT ORGANISATION)

STUDENT BODY:

CorrISO is a youth driven organization born from CorriSA. It seeks to encourage and inspire the youth to enter the corrosion-control field and to inject fresh and innovative ideas to corrosion issues facing society.

AIM

- Acquainting youth with corrosion.
- Attracting top performing students/candidates.
- Diversify the membership.
- Extend visibility and reputation of CorriSA School outreach programs.

OBJECTIVES

- Public talks and demonstrations.
- Science Expo's etc.
- Emphasizing impact on the economy, mineral resources (and human lives so as to interest other disciplines).
- Identifying roles which other disciplines can fill.
- Extending the young corrosion professionals' network.

MEMBERSHIP

- Interested young academics and professionals are invited to partake in this remedial program.
- The potential members will be responsible for imparting of corrosion awareness to young minds and to tailor many of their career prospects in this field of economic concern.

BENEFITS

- Platform to interact.
- Exchange of information.
- Improved professionalism.
- Motivation.
- Ignition of passion.

Youth is the spring of life, it is the age of innovation and discovery. A youth program of this nature is vital to engage more youngsters as well as developing unique and effective corrosion control methods.
