

Manufacturers of Quality Metal Packaging Products

Amopack Can Manufacturers began in 2004 with the vision "To Be Leading Packaging Suppliers" and allowing us to fulfil our Purpose "Serving Humanity by creating and sharing in Abundance through Love, Faith and Integrity"

Amopack is a proudly South African Independent can manufacturing company that has been established for 14 years. The company is based in Gauteng, Centurion. Amopack offers a wide selection of metal packaging products to a variety of industries. We manufacture and distribute cans for the Paint, Polish, Adhesives and Chafing fuel industries.

We have recently acquired State-of-art machines for our 1lt, 5lt and 20lt/25lt lines to meet current demand and expand distribution, as well as having a state of the art in-house Metal-Dec printing and coating facility.

The company occupies 7500 sqm across 5 buildings and has over 180 employees, and is an ISO 9001:2008 certified company.

VISION & MISSION

OUR CORE STRENGTHS

Quality

Amopack meets the exact requirements and artwork specifications of our customers and produces cans to international standards. We continuously apply economies of scale related with large-scale volume production to give our customers best possible prices.

Service

As one of the leading paint can manufacturers, we at Amopack always plan for our customers, with our in house metal-dec printing as well as flexible decision making which result in the shortest possible lead times and quick turnaround times. We also have large storage facilities where we can hold printed cans for customers and draw down as required.

Customer Relationship.

Our customers are our business partners, and our relationship with them is based on mutual trust and respect. Our Sales team regularly visits customers for better planning, efficiency, delivery and personalised service. All our products are backed by our technical team and our experienced and trained staff. Our client list is proof that we deliver real value over the long term.
