AquaChemie Specialty Chemicals

Paints & Coating | Construction Chemicals | Adhesives | Sealants | Inks | Plastics

Welcome to our Specialty Chemicals Division, where innovation and excellence converge to serve the dynamic needs of industries such as Paints & Coatings, Construction Chemicals, Adhesives, Sealants, Inks, and Plastics. Our comprehensive portfolio is designed to not only meet but exceed the expectations of quality and performance in every application.

In the realm of Paints & Coatings and Construction, we offer solutions like vibrant Iron Oxide Pigments for colour richness and Redispersible Powders to boost material durability. Our Cellulosic Thickeners ensure smooth applications, embodying our commitment to enhancing the aesthetic and structural integrity of your projects.

For the Adhesives, Inks, and Plastics sectors, we provide specialized chemical solutions that

foster innovation and sustainability. Sourced from leading global manufacturers, each product in our portfolio is a testament to our dedication to pushing the boundaries of what's possible in your industry.

Our unique portfolio is enriched by our state-of-the-art product formulation unit and a cutting-edge Application Lab, both strategically located in Kezad, UAE, and dedicated to Coatings and Construction Industries.

Join us as we explore new possibilities and redefine industry standards with our unparalleled range of specialty chemicals. Together, we can achieve exceptional results and advance the frontier of technology and sustainability

Our Portfolio

Resins and Hardeners

- Epoxy Resins
- Polyamides, Polyamines, Cycloaliphatic Amines, Phenalkamines, Phenalkamides.
- RDP (Re-dispersible Polymer Powders).
- Acrylic Polyols, Castor Oil based polyols. MDI
- PUD
- Urea Formaldehyde (UF) & Melamine Formaldehyde

Pigments

- Titanium Dioxide
- Organic Pigments: Phthalocyanines / Violets/ Yellow/ Red/ Orange
- Inorganic Pigments: Chrome Pigments/ Iron Oxides
- Pearl Pigments & Metallic Pigments
- Pigment Concentrate
- Colored Silica, Flexible Chips, Color Flakes and Mica
- Duochem:Carbon Black- Paint and coatings
- Zhejiang Huate New material: Bentones- Paint and coatings

Specialty Additives

- All-in-one Additive
- Easy To Clean Additive
- Zeolites (Moisture Scavenger)
- Flow And Tack Improvers For Stucco
- Formaldehyde Scavenger

UV additives

- Rainlon: Paint and coatings/Constructions.

Nitrocellulose Solutions:

- Paint and coatings

Thickeners

- Cellulosic thickeners
- Acrylic, Urea-Urethane (HEUR): Modified clay-based thickeners
- Fibrous thickeners
- Urea Based thickeners

Paint Additives

- Wetting & Dispersing
- Defoamers
- pH Neutralizers
- Flow & Levelling
- Adhesion promoters
- Driers

Specialty Fillers

- Precipitated Barium Sulphate
- Zinc Stearate

Surfactants for Emulsion Polymerization & Paints

- Anionic & Non-Ionic Emulsifiers (APEO free versions also available)

Construction chemicals

- Wanhui- RDP
- Carrie- HPMC/HEC/HEMC

Principals

We take pride in our collaboration with globally leading manufacturers, ensuring that each product we deliver is of unmatched quality and has been industry-qualified for performance and reliability.
